HOW TO USE THE DIRECTORY/ DIRECTORY MANUAL

Welcome to the Directory of Global BRC and Other Certified Cashew Processing Factories-2024. This directory primarily features Cashew companies, all organized alphabetically. The index is divided into two parts for ease of navigation.

In the first part, you'll find an alphabetical index based on certification types, including BRC, ECOCERT, Fair Trade, HACCP, Halal, IFS, ISO 22000, Kosher, SMETA, and USDA Organic. Within each certification type, companies are arranged alphabetically.

The second part of the index is arranged alphabetically by country, with companies listed under each country in alphabetical order as well.

To find a specific company, simply locate its name in the index, note the page number, and turn to that page for detailed information.

We've meticulously compiled this directory by gathering information from Primary and Secondary sources. While we've taken great care to ensure accuracy, in case of any discrepancies that are beyond our control, we cannot be held responsible for inaccuracies.

This directory serves as a comprehensive resource for accessing information on certified Cashew companies, offering valuable insights for industry professionals and enthusiasts alike.
